Transmittal  
Project Outline  
Site Investigation/Remedial Alternatives Study  
Fansteel Metals  
Muskogee, Oklahoma

Dear Ms. Vaughn-Wright:

In accordance with our recent discussions, Earth Sciences Consultants, Inc. (Earth Sciences) is pleased to submit the attached draft Project Outline for the Site Investigation/Remedial Alternatives Study of the Fansteel Metals facility located in Muskogee, Oklahoma for your review. This outline provides a general and brief discussion of the anticipated work scope items which will be employed in order to develop a detailed work plan. The enclosed outline is presented for discussion purposes during our meeting on March 9, 1990, at 9:00 a.m. at your office in Dallas, Texas. During this meeting, we hope to explore specific details of this project with you and the other pertinent regulatory agencies.

We hope that the enclosed information is responsive to your needs and we look forward to the meeting. If you have any questions on the enclosed materials, please do not hesitate to contact us at your convenience.

Respectfully Submitted,

*Joseph M. Harrick/p*
